

@Carwatha College P-12

A dedicated program
for high achieving
students

This program will be exclusive and selective. Students who show high academic aptitude and have high academic aspirations are encouraged to apply to our SEE program.

Program Goals

SEE has been developed to address the needs of high achieving students who demonstrate academic excellence, high levels of task commitment and outstanding creativity. A 'high achiever' must be prepared to take on the challenges offered, be willing to take risks and to set more challenging goals.

The program aims to allow students to:

- Develop deep understanding and critical thinking skills
- Enhance their ability to work with more abstract and in-depth course material
- Become effective problem solvers
- Successfully work as independent and co-operative learners
- Create pathways to success for their future study and career aspirations

Program Structure

The program will be delivered to include a:

- Personalised curriculum with opportunities to respond to the learner's needs
- STEM (Science Technology Engineering Mathematics) Focus
- Curriculum differentiated through changes in pace, depth, complexity and teaching method
- ICT Rich program with 1:1 device
- Accelerated VCE program (V3) which has no traditional Year 10. All Year 10 students undertake VCE Unit 1 and 2.

Extra-Curricular Activities

Students in the program will fully immerse themselves in the life of the college. They are expected to participate in the following extension activities outside the classroom:

- Australian Maths Competition
- Science Talent Search
- Creative Writer Workshops
- Public Speaking and Debating Workshops
- College Instrumental Music Program
- Leadership and Mentoring

Support and Pathways

Students in the program are supported and carefully monitored by key staff, including a team of hand selected, high quality teaching staff to ensure that their specific needs are being catered for. They are provided with the chance to explore future pathways and career opportunities while completing goal-setting and study enhancement programs.
